## From the President's Nest

In my last column as President of Burroughs, I wanted to take a moment and thank all of the wonderful people that have helped run the organization during my latest 2-year term.

Two years ago I did not expect to be in this position again so soon, but it's been a very enjoyable and active term.

The entire board of directors and committee structure that is listed on the right helps make Burroughs a great organization to be a part of, whether you are watching birds or attending a meeting or special event.

I also wanted to point out several changes in positions that have occurred recently:

**Jim and Ellen Zellmer**—retired as field trip coordinators. Thanks Jim and Ellen for several years of great trips and leadership. Welcome back **Matt Gearheart** (former board member) who is taking over this position.

**Steve Bingham**—past secretary. Thanks for all of the hard work! **Elizabeth Kohler** is taking over his position, moving from one of the five director positions.

I turn the leadership over the **Mike Stoakes**, who has worked tirelessly over the past couple of years to help keep things running smoothly.

Mike will make a great president and will continue to get my support during his tenure.

Finally, special thanks also go out to my wife **Heidi**, who has been our membership chair for over 7 years, and my son, **Karsten**, who at 3 1/2 years of age has been known to ask me when I get home late: "How was the board meeting?" Their support and understand helps me with everything I do.

## SQUAW CREEK UPDATE

Water levels at the refuge are improving nicely with recent rains and snow runoff.

Current estimates are that the refuge may have fairly good water levels by late spring.

Recent waterfowl counts at the refuge have included over 200,000 Snow Geese, plus numerous Canadas and smaller numbers of Greater White-fronted Geese. Over 17 species of ducks have been reported.

Several bald eagles are present at this time, including a couple of adult eagles that are spending time around the nests around Mallard Marsh and Pintail Pool.

Plans for the outdoor classroom and boardwalk are in the design phase, with an estimated budget of approximately \$60,000, for which donations and grants are being sought.

Construction **2004.**

improvements are continuing around the headquarters, with a new building for biology and intern work almost completed.

Come join the Friends on Saturday, April 17 for our Spring workday.

Volunteers of all ages and capabilities are welcome. Tasks include such things as: lawn and flower bed maintenance, mowing, trimming bushes, trail maintenance, painting, and many other outdoor things to help the refuge.

Meet at the refuge headquarters building at 9:00 am. Picnic lunch is provided at no charge.

## 2004 Silent Auction—How You Can Help!

As part of our Annual Dinner event on April 10th, we will have another exciting Silent Auction! This is a major fundraiser for Burroughs, and now is the time to start planning how, and what, you can contribute to help make this event a success. We encourage donations of the following types: items you craft or buy, possessions you want to get rid of, services or skills which you are willing to share, or third-party donations which you solicit from vendors and merchants for the benefit of our group. Donations solicited from businesses where you spend money are important.

Emphasize that Burroughs is a non-profit 501(c)(3) organization of over 1800 members, and that birders spend money! Also, let them know that their business' name will be prominently displayed at the dinner and in an upcoming issue of the Wingbeat.

Examples of donations might include: a gift certificate from your favorite restaurant; an item from a pet care or lawn and garden shop; a hand-sewn pillow or sweater; a free appointment from a beauty salon, doctor, or dentist; a promise to clean out someone's garage or wax their car; and, of course, home baked goods.

Things relating to birding and natural history are great; but other items and services, no matter how small, are welcome. Go nuts!! There will be a prize for the individual who makes the most unique donation! We have letters of request for you to present to merchants and printed receipts to give for donations received. **Call Mike Stoakes at (913) 341-8147 with suggestions, or to volunteer to join the Silent Auction Committee.** We would like to have all donations prior to the day of the dinner/auction on April 10th.

For your convenience, we have several locations where donations may be dropped off, and with prior notice, arrangements can be made to pick up items. Donation drop-offs:

**Eastern Jackson County - Burroughs Library at Lake Jacomo (816) 795-8177**

**Central Kansas City - Phil and Nancy Reicher (816) 333-3876**

**South Kansas City - Roger and Megan McNeill (816) 943-8557**

**Central Johnson County - Mike Stoakes (913) 341-8147**

**Southern Johnson County - Joli Winer and Cecil Sweeney (913) 768-8967**

**North Kansas City - Ed and Heidi McCullough (816) 505-2840**
