September

Spiders

Wednesday, September 7
3:00 to 5:00 PM
Thursday, September 15
3:00 to 5:00 PM

Jumping, hunting, weaving, and spinning – midwest spiders and arachnids rule the world of the unseen. They are beneficial and valuable to even precious & life without them would be unbearable. Their careers are indispensable.

Monarch Tagging and Milkweed

Friday, September 9
10:00 AM to 12:00 PM
Saturday, September 17
10:00 AM to 12:00 PM

A partnership of monarchs and milkweed is the unbelievable tale of transformation, toxins, & great feats of strength & migration. Research, tagging, providing habitat, & plants are all a part of their success.

Bird Banding

Citizen Science

Bird banders capture, weigh, band, and record our wild birds for three hours. Visitors are given the opportunity to release them back to the wild.

Special Note: If high winds and rain make it hard to net our birds, Dana Ripper and Ethan Duke from Missouri River Bird Observatory will give us a presentation in lieu of banding our birds.

For all programs, times are flexible to accommodate all ages. We look forward to seeing you.
