AND  
Tuesday, July 13  
10:00 a.m. – Noon

Summer equals insect time!  
Chewing, biting, stinging  
and singing; we really need  
insects as much they need  
us! Latest information  
highlighted.

## Citizen Science

Banders from the Missouri River Bird Observatory (MRBO) gently net, identify, record vital statistics, and uniquely band captured birds before giving visitors the opportunity to release them! Come and go as you like during the three-hour program.

Banding returns in November
